Ex.P.M.(Government of India)

Addressing Staff and Students on Annual Sports Day in 2001

Message

My father late Chandrashekhar Ji would always dream of progressing his native land in multidirection specially in the field of education. It was an inevitable need of that time of the district and purvanchal along with neighboring states which he brought to a concrete form establishing this institute in the year 1988 with the services for day as well as boarding students. Since then it has been inclined to achieve his desired motive providing its best services to make the students consummate in their life and to ensure their benefaction for the nation building. It is a motif of grandiose to me that I have been inherited the devoir to patron the institution. Its my meliorism that I would be able to keep my father's vision with the reinforcement of trust worthy guardians and common man.

— Neeraj Shekhar

Neeraj Shekhar

(Member of Rajya Sabha)

Devasthaly Vidyapeeth, was one of the dream project of my Baba (Late Chandrashekhar Ji) because he believes that educational Institutions are the last ray of hope for the humanity. I would like to quote one of his statements through which we would feel his approach about children who are not getting proper nourishment and putting a big question mark to the society.

अगर हमें मानवता का एहसास होता तो आज गलियों में घूमते हुए, रेल और सड़क पर भीख माँगते हुए बच्चे हमें बार-बार यह नहीं धिक्कार रहे होते कि कहा है तुम्हारे सपनों का भारत ?

— चन्द्रशेखर

This Institution came into existence with the vision of creating safe and supportive environment for its students to provide a perfect balance of academics, sports, artistic and social opportunities. Childhood, youth and learning should be a joy and we strive for that. Shaping young and impressionable minds is one of the life biggest challenges.

At D.V.P. Ballia, U.P. we aim to empower our students to grow as individuals with strong open discovering minds with an international perspective, preparing them to make a mark in the Global village - the world has come to be today.

Besides rigorous scholastic programmes, D.V.P. seek to develop and nurture the different aspect of child. From academic to dance, music, Art, debates, quizzes, cultural activities and variety of sports, we focus on developing both, the mental and the physical abilities of a student. The activities provide holistic grooming of the students where in the child is able to explore his true potential. We aim that our students became a resource for tomorrow.

I pray that the Almighty God continues to bless this school as well as all the members and well wishers of the Devasthaly Vidyapeeth, Devasthaly.

Manager's Message

Dr. Naveen Singh
Manager

“The purpose of education is to make a proper balance between inner and outer emotional and practical aspects of one’s personality and life”

My elder father Late Chandra Shekhar Ji who established this institution in 1988 has become a well established institution to impart education among boys and girls.

I take this occasion to congratulate the Principal, staff, students and parents for their strong sense of commitment, service and responsibility that has transformed this institution into an outstanding temple of learning today.

Principal's Message

“Education is the process between dedicated teachers and a w a k i n g , motivated learners with high expectations”. Today the role of school is not only to pursue academic excellence but also to empower its students to be life-long learners, thinkers and productive members of an ever-changing society. More than 3 decade back D.V.P. pledged to transform education. A good school is a place where children are eager to go and parents are happy to send them.

There is no doubt that Devasthaly Vidyapeeth, Devasthaly (run under the “Acharya Narendra Dev Educational Society”) is under the guidance and control of a highly qualified and experienced educationist. The school is striving hard to make the best possible efforts to inculcate strong values combining academics and extra-curricular activities in the children converting every individual into a self reliant and independent citizen. The school provides an amalgam of scholastic and co-scholastic activities.

While academic excellence is our major trust with the support of parents. The school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow and encourage them to be socially relevant. I am confident that the students will make themselves stronger day by day, adding a new leaf to the grandeur of the school.
